* Assumptions: All loans assume a \$10,000 loan in the first year of school with two disbursements, variable interest rate of LIBOR + a margin based on a FICO score. This example assumes a Monthly LIBOR rate of 0.31% plus a margin (listed above and ranges from 3.00% - 12.50%) and an origination fee (listed above and ranges from 0.00% - 5.00%) for a borrower with a co-signer. Other assumptions include a 45 month in-school period, 6 month grace period, a standard repayment account, a constant LIBOR rate, the borrower earns all available ACH savings opportunities and the borrower remains in school through the expected graduation date. Savings are rounded to the nearest dollar and 15 year examples are provided. Terms and conditions apply.

**ACH Benefit: Borrowers can take advantage of a 0.50% interest rate reduction for automating payment from any eligible Citizens Bank account.
